GA Foods- Undeclared Milk Allergen Class 1 Recall-

At a Glance: GA Foods, a St. Petersburg, FL establishment is issuing a Class I Recall on a variety of salad kits- pork and bean, chicken salad, and a turkey sandwich due to an undeclared milk allergen. The products are under the Sun Meadow Brand. All lot codes are affected. GA Foods is aware of one consumer allergic reaction associated with consumption of this product.

The Issue: Food allergy symptoms typically appear anywhere from minutes to two hours after a person has consumed the food they are allergic to. Allergic reactions can include hives, flushed skin or rash, tingling or itchy sensation in mouth, face, tongue or lip, swelling, vomiting and/or diarrhea, abdominal cramps, coughing, wheezing, difficulty breathing, dizziness, lightheadedness, swelling of the throat and/or vocal cords, difficulty breathing, drop in blood pressure, and migraine headache. In severe cases, anaphylactic shock can occur.

Am I Impacted? US Foods' number one priority is to notify any customer impacted by a recall. Our seven distribution centers affected by this recall have already begun to contact affected customers. If you purchased a recalled product from us, you will be contacted shortly, or have already been contacted. If you purchased products elsewhere, use the information above to check with your supplier.

What You Can Do:

- Avoid eating or serving any recalled products
- Do not use any of these products as ingredients in recipes, even if cooked
- Follow instructions to discard recalled products in a manner that prevents others from eating them.
- Wash and sanitize display cases and refrigerators where potentially contaminated products were stored
- Operators who have processed any potentially contaminated products need to be concerned about cross-contamination
- Wash and sanitize cutting boards, surfaces, and utensils used to prepare, serve, or store potentially contaminated products
- Wash hands with warm water and soap following the cleaning and sanitation process
- Persons who think they may have become ill with a food-borne illness should consult their health care providers
