

*Featuring Chef's Line®
Boneless Turkey Breast*

OVEN-READY TURKEY BREAST

Moist, tender, boneless turkey breast saves time in the kitchen without sacrificing taste and quality

Designed and created for chefs with high standards

Made with simple ingredients including water, salt and sugar, our all-natural turkey breast is ready to be cooked and served your way.

Product Inspiration

So simple, yet so innovative. You'll be proud to serve this plump, delicious turkey breast, but the real benefit to you is the time it saves. Just thaw and place our proprietary, first-to-market, film packaging in the oven at 400° F and the turkey is browned and done in two hours —one-third less time than foil-wrapped turkey. Plus, our turkey is juicier and more flavorful.

Ideal Use

The versatility of turkey allows you to create new menu favorites:

- Entrees
- Appetizers
- Signature dishes
- Ingredient
- Healthier alternative to beef

Features/Benefits

- Made with Distinction: all natural, minimally processed and made with only water, salt and sugar to allow the flavor and character of the turkey to shine
- Performance: moist, tender and flavorful—ideal for menus any time of day; cook-in-film packaging to avoid cross contamination in the cooler
- Cost Savings: proprietary, first-to-market packaging film cooks the turkey in one-third less time

A-Code	Product Description	Pack Size
2783819	All-Natural, Boneless, Oven-Ready Turkey Breast	2/9-10 lba.

Ingredients Include

- Turkey
- Water

Food Fact

In 1932, the average American ate two pounds of turkey a year. Today we eat about 17 pounds—a third of which is during the Thanksgiving and Christmas holidays.
