

PREMIUM COWBOY BEER AND BEAN CHILI PREMIUM GREEN CHILI SOUP

Introducing two new fresh chilies in our Molly's Kitchen® Premium line-up: Premium Cowboy Beer and Bean Chili and Premium Green Chili Soup. Whether you want to serve up a traditional southwestern style chili or go green with a Chili Verde, both of our offerings are reminiscent of fare that was served in old style chili pop-up parlors.

Traditional yet trend-forward comfort foods made with real and wholesome ingredients

Using only real ingredients that are tasty, hearty and flavorful, Molly is always ready and eager to please her customers — all with a tinge of nostalgia and an eye for international cuisine.

Product Inspiration

During the early 20th century, when chuck wagon cooks lost their jobs after the Western migration ended, they began opening chili parlors in order to make a living. Rail workers and cattle drivers flocked to these establishments to get chili con carne, a meat and pepper stew favorite.

Our Premium Cowboy Beer and Bean Chili is bubbling with authentic taste. Chock-full of tomatoes, onion, pinto beans and garlic, plus nopales cactus, this chili has bison and ground beef which creates its savory Southwestern flavor. To give it a kick, we've added chili powder.

And what about our Premium Green Chili Soup? Loaded with savory pork, tomatoes and a combination of green chilies and poblano peppers, this dish is considered a Chili Verde. For depth of flavor, we've added chicken demi-glace for complexity.

Delivered fresh, you can heat our chilies right in the bag to create a hearty meal or topping for burritos, enchiladas, egg dishes or fries.

Product Attributes

Premium Cowboy Beer and Bean Chili
