Product Description

When only the authentic flavor of smoked turkey will do, Metro Deli serves up the solution. Our naturally applewood-smoked turkey is pure turkey – with no preservatives or additives – that has been slowly smoked the old-fashioned way, delivering a rich, smoky flavor that is achieved only through this traditional process. It takes longer on our end, but you'll agree that each moist, flavorful slice is worth the extra effort. From the very first bite, the true taste of turkey stands out – just like it should.
