

## SHREDDED KALE SALAD

Kale may be the hottest “green” on menus today, packed with health benefits. Kale’s menu penetration has increased 300% in the last 4 years! So here it is, shredded and ready for you to add new interest and flavor to your salads and sides, taking them ordinary to extraordinary.

## Garden Fresh Taste & Quality

Cross Valley Farms® offers the freshest fruits, vegetables and herbs straight from the field to kitchens across America. From apples to oranges and cucumbers to cilantro, each product is harvested in prime growing regions and packed at the peak of ripeness to ensure garden fresh color, taste and texture. Plus, each fruit and vegetable meets the highest standards for food safety. All Cross Valley Farms field-fresh produce was brought to life under the sun and stands as a testament to the perfection of nature.

### Product Inspiration

Styled after a “traditional” kale salad you might find in an upscale, California deli, ours takes out most of the work and all of the waste of chopping it in-house. Kale is versatile for both cold and hot applications and rich in vitamins and antioxidants to add outstanding health benefits.

Our salad is pre-washed and fresh-cut in order to maximize freshness and shelf-life. Shredded carrots and red cabbage are included in separate bags to let you toss in an effortless touch of additional color.
