## Wholesome Goodness and Taste™

Tastes like straight from the farm. That's the promise of Glenview Farms®, and that's where it all begins. Only the freshest dairy products – of the highest grades and quality – make their way to you, ensuring the excellence you've come to expect.

### Product Inspiration

They say an egg shell is the perfect container, but when you're in the restaurant business, it's a lot easier to store 'em and pour 'em when they come ready-mixed in refrigerated cartons.

#### Savory Egg Mix

Made with whole eggs and whole milk, plus dried cream cheese for a rich dairy note. This is a perfect base with no mixing or seasoning required. The “savory” part comes from the mild seasoning blend of garlic powder, onion powder and salt – a US Foods® exclusive!

Perfect for omelets, frittatas, quiches and skillet—just add your favorite meats, cheeses or vegetables for a succulent skillet dish, or put that mix in a pie shell for the best quiche ever. Prepare it plain for the best-tasting scrambled eggs around.

#### Egg White Scrambled Mix

We've got your health-conscious patrons covered too, with our mixes. The well-publicized health benefits have caused the popularity of egg whites to increase tremendously, with 32% growth across all segments in the last four years and appearances on restaurant menus up 40%. Made with whole milk and added thickeners, this Glenview Farms Egg White Scrambled Mix adds functionality to egg whites, which makes egg white omelets possible!
