

VITALS
SOLUTIONS FOR
HEALTHCARE FOODSERVICE

Driven by industry experts, our unmatched assortment of industry-leading solutions provide you access to the latest trends, technology and operational expertise to provide end-to-end solutions for both acute care and senior living facilities in key areas.

PATIENT/RESIDENT SATISFACTION

A critical metric for all healthcare, we help you successfully drive it with our portfolio of solutions designed to make positive impacts to patient satisfaction goals.

COST MANAGEMENT

Our industry-leading experience and proven track record of helping healthcare operators identify and reduce costs makes us the perfect partner for your operation. We'll help you develop ways to reduce costs, improve labor and staffing, and boost revenue flow - all while increasing patient satisfaction.

LABOR STAFFING

Finding and retaining qualified, trained staff is an ongoing challenge for healthcare operations. We have the resources to help you rise to these challenges and more.

RETAIL PERFORMANCE

We can help establish a clear picture of the operational and financial status of your retail operation, help you set a target and develop a plan for your goals, using pricing strategies, staff training, retail promotions, menu planning and more.

This is all part of a growing assortment of resources, including easy website navigation, webinars, and videos straight from US Foods® chefs.
