A close-up photograph of cinnamon sticks and chocolate on a wooden surface. The cinnamon sticks are rolled, showing their characteristic spiral pattern. The chocolate is dark and appears to be broken into pieces, with some shavings visible. The background is blurred, focusing attention on the ingredients.

## Product comparison

### COMPARE ITEMS SIDE-BY-SIDE

US Foods® Online lets you easily compare multiple products to help you make an informed decision.

The background of the slide features three distinct piles of fresh pasta. On the left is a large pile of green, ridged, tubular pasta. To its right is a pile of bright red, flat, ribbon-like pasta. In the upper center, slightly out of focus, is a pile of yellow, ridged, tubular pasta. All the pasta is resting on a dark, textured surface, possibly a wooden table, which has some white flour dust scattered on it.
